

Mulberry Risk

Senior Pricing Actuary Job Description

Mulberry Risk are building a **high performance** business, built on **high performance** teams, employing **high performance** individuals.

£1.5bn

The combined annual GWP of Mulberry MGAs.

We are a boutique consultancy providing actuarial, analytical and capacity management services to MGAs. We are **proud** to work in the London Insurance Market and see actuarial and data science being a **rewarding** career and wish to introduce as many people to it as possible.

We use high-end analysis and the **latest innovative technology** to present MGA data, which combined with their intuition, enables them to make informed decisions.

Mulberry Risk want to level the playing field and introduce the **very best people** to a **successful** career in insurance, actuarial and data science. In the job market, our **culture** is our competitive advantage.

46

The number of MGAs we have worked with in the past 24 months.
